

Sustainability 1 - Policy, Regulation and Opportunity Speakers

WINE  GB
CONFERENCE 2026

Anne Jones - Wine Sustainability Consultant

Anne is a leading wine sustainability expert and founder of Limestone & Jones. She serves as Sustainability Ambassador and Advisor for WineGB, Development Director of the Regenerative Viticulture Foundation, and advises the OIV on sustainability on behalf of DEFRA. Working across the wine supply chain, Anne helps businesses develop practical sustainability strategies, with a focus on regenerative viticulture, carbon management and sustainable sourcing.

Mark Topliff - Knight Frank

With over 25 years' experience in the rural sector, Mark specialises in helping land-based businesses unlock environmental opportunities through public and private funding schemes. His work combines strategic consultancy, research, and sector insight to support commercially viable and sustainable decision-making.

Sustainability 2 - Packaging Speakers

Henry Sudgen - Defined Wine

Henry founded Defined Wine in late 2018 and they had their first harvest at their winery in Kent in 2019. With no vineyards or brands of their own, they focus on contract winemaking for other people. They have grown steadily since then and in 2024 opened a second winery in East Anglia to support their vineyards in the region.
